## MATH 423, Complex Analysis, Spring, 2006

INSTRUCTOR: Dr. Kenneth L. Wiggins, Office: 338 KRH , Office Hours: $3 \mathrm{M} ; 2 \mathrm{Tu}, \mathrm{W}$, Th; 11 F , Other office hours by appointment, Phone: (509) 527-2088, E-mail: wiggke@wwc.edu

BULLETIN DESCRIPTION: Study of functions of a complex variable, the geometry of elementary functions, integration, power series, calculus of residues, and conformal mapping. Prerequisite: MATH 283. Offered odd years only.

OBJECTIVES: It is expected that, after finishing this course, the student will understand the basic ideas of complex analysis including analytic functions, infinite series, and residue theory.

TEXT: Complex Analysis for Mathematics and Engineering, 5th edition, by Mathews and Howell, Jones and Bartlett, 2006

Assessment: All assessment will be based on both the correctness and quality of your work, including the quality of your presentation.

| Assessment Category | Weights |
| :--- | :---: |
| Homework \& quizzes | $15 \%$ |
| Three tests | $50 \%$ |
| Final examination | $35 \%$ |

| Grade | Percent | Grade | Percent | Grade | Percent | Grade | Percent |
| :--- | :--- | :--- | :--- | :--- | :--- | :--- | :--- |
| A | $91-100 \%$ | B | $83-85 \%$ | C | $70-74 \%$ | D | $58-61 \%$ |
| A- | $89-90 \%$ | B- | $80-82 \%$ | C- | $65-69 \%$ | D- | $55-57 \%$ |
| B+ | $86-88 \%$ | C+ | $75-79 \%$ | D+ | $62-64 \%$ | F | $0-54 \%$ |

HOMEWORK: Homework will be collected regularly. Papers will be due at the beginning of class the day after they are assigned. However, they may be turned in the following day with a $10 \%$ penalty. Papers more than one day late will not be accepted.

TESTS: Three 50-minute tests will be given.

FINAL EXAMINATION: This test is scheduled for Wednesday, June 7, at 8 AM. Attendance is required, so make your travel plans early with this appointment in mind.

DISABILITIES: If you have a physical and/or learning disability and require accommodations, please contact your instructor or the Special Services office at 527-2090.
This syllabus is available in alternative print formats upon request. Please ask your instructor.
